### **Optional Premium Accessories from Car Dealz**

Car Dealz, a trusted global seller also offers a range of other automotive accessories including headrest (headrest) monitors, inverters, led light bars and spotlights, OBD2 diagnostics, roof mount monitors, tyre (tire) pressure monitor systems (TPMS), other Sat Nav, OBD diagnostic readers and fault code reset devices, other OEM products, portable DVD player, in-car entertainment, parking sensor, as well as rearview reverse camera kits for horse floats (horse float), truck, agriculture seeder, caravan and more. Whether you're in a truck, Prado, Triton, Challenger, Triton, Pajero, Patrol, Navara, Pathfinder, Amarok, VW or whatever, we likely have a solution for you.

### **Why Car Dealz?**

Google it! We have serviced over 30,000 customers with the highest customer satisfactory! Please visit our website and let our product reviews speak for ourselves – the results speak for themselves. Above all else, all products are supported globally.

### **IMPORTANT NEWS ABOUT DIGITAL TV**

Many integrated systems online include in-Built Digital TV Receivers, please be aware that this feature is a proven gimmick globally. We have tested these exact models and had limited success in receiving a decent signal. Despite this, if your preference is to have the in-built Digital TV tuner with single tuner, we can supply and ship directly from overseas for an additional \$40.00 but buyer beware, single antenna digital tuners are lucky to get just a few channels (SBS and Channel 31). Car Dealz offers Premium HD Digital TV Receivers. For more information please ask us.

### **Optional Extra Vehicle Diagnostic Display**

Purchase the optional OBD2 Bluetooth or WIFI Dongle to display on screen real-time data and trouble codes from your vehicles computer.

**Important.** For this function to work you need an OBD2 Compliant Vehicle.

**Please Note.** DashCommand Demo requires Full Feature Upgrade and Fuel Efficiency App is Full Version.

### **Optional Extra TPMS with Auto-Alert**

Purchase the optional TPMS Interface for Real-Time Tyre Information.

The TPMS features Temperature and Pressure display (PSI and BAR).

Available with DIY-Fit External Sensors or Internal Sensors.

### **Optional Extra Premium DVB-T Digital TV Receiver With 4-Amplified Antennas**

Expand your system with the best Digital TV Receiver on the Market. Enjoy Free to Air HD Programs with awesome sound. You can also receive DAB+ Digital Radio

Programs. **NOT INCLUDED**

**Note.** We cannot guarantee you will receive programs while driving and performance depends on your locations signal strength.

### **Optional Extra Heavy Duty Second Cameras**

Car Dealz also sells the massive range of Caravan, RV and Truck cameras. The range of Cameras, Monitors, Cables and Accessories come with a 2-Year Replacement Warranty.

### **WIFI SMARTPHONE CLONE (CABLE-FREE MIRROR LINK)**

With Car Dealz more convenient SmartPhone mirroring function you can broadcast all content from your SmartPhone onto our system. Enjoy games and other content including GoogleMaps with Live Traffic Updates. **Mirror your iPhone or Android Phone WIRELESSLY!**

### **High Pixel 1024×600 Resolution with 1080P HD Playback**

With 1024×600 pixel resolution you will experience crisp images that display perfectly. Don't settle for standard when you can watch movies and view images with the most detailed display.

### **Optional Extra Crash Camera Ready**

Display and record your driving with the Optional DVR Drive Recorder.

### **Car Dealz® Bluetooth Phonebook Synchronization**

The Android 8.1 Navigation System features an advanced ® Bluetooth module with full phonebook synchronization, meaning all your address book contacts on your phone can be displayed and accessed on the touch screen. View the names of your phonebook contacts, missed calls, dialed calls and more. To make a call after your phonebook has downloaded simply give the name a double tap on the screen.

## **Premium Navigation You Can Depend On**

Includes Free Offline Map Updates

Extensive and up-to-date maps

Dual Mode Function (Audio and Navigation at one time)

Roads and intersections in 3D

Extensive Points Of Interest Database

School Zone Alerts and Speed Zones pre-installed

Turn-by-Turn Spoken Street names

## **Street & Off Road on 16GB HDD**

Car Dealz pre-install Off Road Navigation onto the system and offer via download 2GB of BONUS Australia-wide Topographical (Toppo) Off-Road Map Data to get you going.

The FREE Off Road Map Data includes over 500 extensive Maps of Outback Australia. Please note that this is via DOWNLOAD. Please contact us.

An Off Road Navigation Demo is supplied. Currently Off Road Navigation only allow resellers to include a demo version. When you purchase a license direct from the off road navi developer you also get LIFETIME Off Road Navigation Program updates included!

## **Off Road Navigation:**

Mark Waypoints

Breadcrumb Trail

Log and Save Tracks

More/Less Detailed Maps

Auto Loading of Next Map

## **Reverse Camera Input**

The Android 8.1 Navigation System Series has a dedicated camera input with super fast auto activation when the reverse gear is activated. Don't wait up to a minute to view your camera image like with lower quality systems. The Android 8.1 Navigation System Series activates faster than it's rivals!

## **Built-In Steering Wheel Control Interface**

The Android 8.1 Navigation System Series is compatible with steering control buttons so you can keep your ears entertained and your eyes on the road.

*\*Some wiring may be required.*

### **Car Dealz® Engineered DSP Pro Sound**

The Android 8.1 Navigation System Series from Car Dealz does not feature the standard Digital Signal Processor (DSP) as from other sellers. We've worked with our top Engineers to tweak the sound for greater clarity and performance.

Adjust the sound settings to suit your preference and add a subwoofer for extra Omph!

It features Digital Sound Field Control for different music styles as well as custom settings as well as Listening Position Selector.

### **iPod / iPhone / iPad Interface**

The Android 8.1 Navigation System Series from Car Dealz has been intuitively designed for each of control.

Simply connect your existing iPod/iPhone cable to search, browse and play all your favorite tracks

\*Use your own Apple cable (not supplied)
